LIKE RATS WITHIN TRAP. JOHN T. MORGAN DEAD.

Eleven Midshipmen and Seamen Distinguished Alabamian Passed Thought to Have Away at Washington.

MET DEATH IN THE DEEP. SENATOR THIRTY YEARS.

While Returning From Armp and Navy Ball at Jamestown the Launch They Were on Is Supposed to Have Been Sunk by a Tug.

Norfolk, Va., June 12.—It is reported that the disaster in Hampton Roads Monday night, which resulted in the sinking of a launch from the United States navy, who were returning from the army and navy ball at the Jamestown exposition that night, and five seamen who made up the crew of the launch, resulted from the Minnesota's launch being run down by a tug and coal barge which the tug was towing. The report which, it is stated, has been made officially on board the battleship Minnesota, did not give the name of the tug or barge. It is said, however, the tug stopped in the roads immediately following the accident, but finding no trace of the object which had been struck or any sign of life or anything in the water, resumed her course with the coal barge in tow. The presumption is the launch, a small craft, sank immediately in the darkness of the stormy night, the eleven occupants being caught in the canvas covered craft, with no possible way of escape, and carried to the bottom, drowning like rats in a trap. It was raining and the choppy seas sent the spray to such an extent it became necessary for those in the launch to have the canvas covering buttoned tightly to the sides of the little vessel. There was one opening on each side of the canvas for the passengers to enter and leave the launch, but both of these, it is believed, had been buttoned down immediately upon the launch leaving the exposition pier, shortly after midnight, and the little launch was making rapidly through the heavy seas for the battleship Minnesota when she was suddenly struck and sent to the bottom in several fathoms of water.

The only opening in the canvas canopy which covered the launch is supposed to have been in front, just enough for the coxswain, who was steering the craft, to see ahead. The crash is supposed to have been so sudden that not even the coxswain had time to jump through the opening.

The only things reported found so far are one cap, supposed to have belonged to one of the lost men, and a fireman's ditty box, supposed to be from the Minnesota's launch. These were found by the fleet tug Potomac. The weather Wednesday morning continued stormy in the roads and the waters were too choppy to attempt to drag for the missing launch.

No information was obtainable at Norfolk up to noon Wednesday as to the identity of the tug and coal barge which are said to have struck the Minnesota's launch. Lieutenant Randall of the marine corps, who came ashore with the midshipmen, missed the launch on the return trip and remained ashore over night.

SYMPATHY EXPRESSED.

President and Mrs. Roosevelt Grieved and Shocked at Disaster.

Baltimore, June 12.—A telegram expressing the shock and grief of President and Mrs. Roosevelt at the news of the disaster in Hampton Roads was written by the president on the train and sent from Baltimore as follows: "Rear Admiral R. D. Evans, Care Navy Department, Washington.—We are inexpressibly shocked and grieved by the news of the disaster.

METCALF'S WHEREABOUTS.

No Word Received From Maple, Hav. Secretary of Navy Aboard.

Norfolk, Va., June 12.—No word had been received up to 1 o'clock Wednesday from the United States buoy tender Maple, which went up the James river Tuesday for a trip to Jamestown, having on board Secretary Metcalf and party. The United States weather observer at Cape Henry said Wednesday morning it was foggy in the lower Chesapeake bay all Thursday night and up to 8 o'clock Wednesday morning. He said nothing had been seen of the dispatch boat Dolphin, which was waiting for the Maple at the mouth of the James river.

FROM NERVOUS COLLAPSE.

Thomas Baldwin, Slayer of Four People, Expires in Jail.

Bloomington, Ill., June 12.—Thomas Baldwin, the slayer of four people, died in the county jail here Wednesday from nervous collapse, aged fifty-five years. Feb. 28, at Arrow Smith, he shot Mrs. Sim Elisman and daughter, Cora, and Thomas Kennedy and wife. He was then out on bail charged with criminal assault on the Elisman girl. He became a nervous wreck immediately after his arrest.

Severely Hurt in Runaway.

Waxahachie, Tex., June 12.—Willie Green, a boy, had a rib broken in a runaway.

After a Notable and Honorable Career Great Southern Statesman and One of the Most Brilliant Members of the Upper House Claimed by Death.

Washington, June 12.—United States Senator John Tyler Morgan, for thirty years a member of the upper house of congress, chairman of the senate committee on interoceanic canals, and prominent as a brigadier general in the Confederate army, died at his home Tuesday night. Senator Morgan had been in bad health for a number of years, but had more or less regularly attended the sessions of congress. He suffered from angina pectoris, which was the cause of his death. He passed away at 11:15 o'clock. At the deathbed were his daughter, Miss Mary, and Miss Cornelia Morgan, both of this city, and his secretary, J. O. Jones.

Mr. Morgan attended to his congressional duties at his home here until about a week ago. Since that time he has been confined to his house and

SENATOR JOHN T. MORGAN OF ALABAMA.

to his bed. He was able, however, to sit up for a while Tuesday and talk over some official matters with his secretary. He began failing during the evening, however, and the physicians were hurriedly summoned.

Mr. Morgan was a Democrat, and was born at Athens, Tenn., June 2, 1824. His home in Alabama was at Selma. Mr. Morgan was a member of the Hawaiian laws commission and arbitrator on the Bering sea commission for years. His chief active interest in the senate in recent years had been in connection with the isthmian canal question. He was a persistent advocate of the Nicaraguan canal. During the hearing on the canal question in congress Mr. Morgan took an active part.

Senator Morgan was a familiar figure in this city, where he had made his home for a long time at 315 John Marshall Place. He was serving his sixth consecutive senatorial term.

FURTHER ORGANIZATION.

President Bergman of Retail Grocers' Association Urges This.

Austin, June 12.—During the session of the Retail Grocers' Association of Texas President Bergman urged the further organization of the association. There are now local grocers' organizations in twenty-two towns, having a total membership of 375. Mr. Bergman declared that it was the grocers' organization which defeated the bulk sales bill during the last session of the legislature. The same association, he thought, was responsible for the repeal of the occupation tax law. The organization did much toward passing the pure food law.

LARGE ATTENDANCE.

Parade of the Elks One of the Best Ever Witnessed.

Beaumont, June 12.—The attendance at the second day's session of the fifth annual convention of the Texas State Association of the Benevolent and Protective Order of Elks was more than doubled Tuesday. There was a large increase of visitors from Galveston, Houston, Orange, Port Arthur, Dallas and other cities.

The parade was one of the most elaborate and prettiest of the kind ever seen in the state.

There was a tremendous attendance at the baseball park. Dallas defeated Beaumont 4 to 2.

ARE AT WAR.

Nicaragua and Salvador Have Commenced Hostilities.

City of Mexico, June 12.—Minister Delgado of Salvador has received a cablegram from President Figueroa that the post of Acajutla has been captured by a gunboat armed by President Zelaya of Nicaragua. This is Salvador's most important seaport.

PANAMA IS ASSUMING PROPORTIONS!

Read Below of the Growth Already Attained.

Edgewood, Texas, May 18, 1907.

Mr. B. D. Ford,
Whitney, Texas.

Dear Sir:

We are pleased to announce the "Opening Date of Panama, Texas" the future metropolis of Palo Pinto county, July 18, 1907.

Panama is as certain to be a great town as water is to seek its level. Investments made now will be worth many times the value immediately following the opening.

Applicants who have recently been granted the privilege of erecting temporary buildings on the business lots offer three, four and five hundred dollars a lot to the applicant holding deed to the ground on which they are presently located.

The coal vein recently discovered is being tested and shows an increase of 1 and 2 inches every eight feet, the first veins average about 32 inches, and the people who well know about it believe beyond a doubt that the entire chain of mountains adjoining are richly imbedded with rich veins of coal. The Consumers Coal & Coke Co. contemplate putting into operation one of the largest mines in the Southwest, employing thousands of men.

Shale is found in abundance and has been tested by the Laclede Brick Co., and statement given to the effect that it is the best material ever discovered for the purpose of manufacturing brick and tile.

The salt beds during the early days supplied the entire South though, were naturally abandoned on account of no railroad facilities, and the salt industry in East Texas being touched by railways prior to the building of the Texas & Pacific Ry. through the present location of Panama. The mines will be put in operation early date, and believed by all will become the largest industry of its nature in the South.

A large building is being contracted for, and will commence the erection of same this week. The Farmers' Union Gin Co. will begin work on a large plant at an early date. Arrangements for Postoffice and a railway station are being made, and everything toward making all convenience for the opening.

With the above facts you should be able to make most excellent success in the near future.

Thanking you for your best efforts and trusting to you every success in securing your share of the remaining number of lots, we remain, Very truly,

R. W. Wright,
Gen'l Manager.

For particulars see B. D. Ford at office of W. T. Ford, today and Friday only.

REVIVAL SERVICES.

There were three additions to the church last night, making a total of twenty-two additions to date. Evangelist Wilhite preached a strong sermon on the interview between Paul and Agrippa, wherein the latter made use of the fateful phrase, "Almost thou persuadest me to become a christian." An immense congregation was present.

MECHANICS' CLUB MEETING.

TERRITORY SCANDAL.

It Is on Tap and Expected to Soon Develop.

Muskogee, June 10.—A new Indian Territory scandal is on tap, and will develop this week. It is said suits charging land frauds will be filed here by an agent of the interior department against many persons prominent in the political life of the two territories. W. L. Sturtevant of St. Louis, who has been appointed special townsite attorney by Secretary Garfield to act in connection with the Creek nation, arrived here and gave out a statement to the effect that suits will be filed immediately on the part of the Federal government, acting for the Creek nation, charging with conspiracy to defraud a score or more of persons prominent in Muskogee, Tulsa and Wagoner, and also against two national banks.

Mr. Sturtevant is quoted as saying he would prosecute the cases to the limit, forcing the holders of the property alleged to have been fraudulently acquired to transfer it back to the Creek nation or to pay to the Creek nation the present cash value of the lots. The arrival of Mr. Sturtevant and his declared statement of prosecution has caused a sensation. The general charge that will be made is that the defendants had lots scheduled to other persons, and that the defendant paid the appraiser government valuation and then had the lots doled back to them by the dummies without consideration. The lots scheduled in this way cost those who secured them only 50 per cent of the regular appraisal, and the fraud comes in the practice of thus scheduling lots in excess of what the law allowed the defendants to hold.

STATEHOOD MUDDLE.

It Will Reach a Definite Stage by Wednesday.

Guthrie, June 10.—The statehood muddle will reach a definite stage on June 12, when the supreme court of Oklahoma is to decide the appeal from Judge Pancost's decision restraining the holding of an election prior to November, 1908, to vote on the constitution. If the decision is favorable to the contention of those favoring an early election it is believed Governor Frantz will issue the call. In the meantime Frederick Elkins, associate attorney general of Oklahoma, has served to complicate matters by holding, in an unofficial opinion, that no election can be called so long as the constitutional convention has not adjourned definitely. The convention is merely in recess, having adjourned until Aug. 5, at which time its life will expire by lapsing should it not meet that day.

GRAND JUNCTION SELECTED.

Western University is to Be Located at That Colorado City.

Grand Junction, June 10.—The election of trustees disclosed the fact that a university of industry, science and art is to be established here and supported by the Carnegie foundation fund. The initial endowment, it is said, will be \$500,000, and the total cost will be \$1,500,000. The new university will be known as Western university.

Not Enough Deposits.

Austin, June 10.—District Clerk David Pickle refused to accept an appeal bond the surety bond offered by the Waters-Pierce Oil company in the American Surety company. The company has only \$50,000 on deposit in the state, the limit allowed by law. The company has \$6,000,000 assets, and appeal bond offered called for \$3,750,000.

Public Utilities Bill Signed.

Albany June 6.—The so-called public utilities bill was signed by Governor Hughes. This is probably one of the most far reaching reform measures ever passed by an American legislature.

SAYS HE IS NOMINATED.

Haskell Asserts That He Has Large Majority.

Muskogee, June 10.—"There are but few minor changes to make in the statement that I gave out Sunday night, relative to the vote for governor," said C. M. Haskell Monday morning. "I have carried the state by about 15,000. I have carried both Indian Territory and Oklahoma. It was due largely to the vote of the farmers and laboring men and to the light vote polled in what were supposed to be Cruce strongholds."

"In the Cherokee nation I have carried every county with the exception of Craig and Nowata. In the Creek nation I have carried every county except possibly Creek, which is close. In the Choctaw nation I have carried every county save Latimer, Atoka and Cole, from which I have not been able to get a report. All three are small counties and none of them will give a majority of more than twenty for either myself or Cruce, whichever way they go. In the Chickasaw nation I have carried Marshall, Johnson, Stevens and McKin; Cruce has carried Jefferson, Love, Carter and Garvin. Grady and Murray counties are close, and will not give much majority to either of us whichever way they go."

"My majority north of the Canadian river will be 6,650. In the Choctaw nation it will be 3,800, making a total of 10,450 outside of the Chickasaw nation. I will carry Oklahoma by between 5,000 and 6,000."

FIVE MILLION CLUB MEETING AT FT. WORTH.

Houston, June 12—Friday and Saturday will be gala days in Fort Worth where the Texas Five Million Club gathers for its second regular meeting. It is conservatively estimated that some four hundred members will be present,

as well as a large number of outsiders.

The first day will be given over entirely to the regular business of the club, including the discussion of ways and means of perfecting a permanent organization. On Saturday morning the matter of the Diamond Jubilee and Southwestern Exposition will be taken up, and definitely settled.

The Fort Worth committee on local arrangements, and the members of the Board of Trade of that city, met Tuesday afternoon and formulated plans for the entertainment of the guests. This will include big barbecue and car ride over the city and other features.

It is predicted that this will be the greatest meeting ever held for the purpose of furthering the interests of the state of Texas.

PUBLIC SPEAKING

On Saturday afternoon at 2:30, June 15, Mr. J. C. Jones of Burleson county will address the Farmers' Union of Brazos county at the court house. The speaking will be public and everybody is invited to be present and hear him. Mr. Jones represents the Farmers' Union Cotton Company and is thoroughly posted on all matters relative to warehousing, storing, shipping and marketing cotton and will interest and entertain all who hear him. After the speaking the county union will hold a business meeting.

J. H. White, President.

To Stop Piles Try This.

Piles get instant relief, when Dr. Shoop's Magic Ointment is applied. It's a Pile Cure, remember, and it is good for nothing else whatever except piles. General Ointments, for many uses, can't possibly cure piles. A pile ointment must be specific. Every aim of its maker must be directed specifically toward piles alone. Says Dr. Shoop, "I make three valuable ointments, and yet, one only—Dr. Shoop's Magic Ointment—will bring help to pile sufferers". Even then, in old chronic cases, originating because of a torpid Liver, with biliousness, I prescribe my Dr. Shoop's Restorative internally while using Magic Ointment locally or externally. Keep in mind this fact, please, that the large blood vessels of the liver originate in the walls of the rectum, where piles arise. Obstruct these vessels in the liver and piles instantly appear. Dr. Shoop's Restorative corrects stomach and liver sluggishness, hence its value as an aid to Magic Ointment in the treatment of obstinate cases of piles. None genuine without Dr. Shoop's name on the package. Sold at 50 cents by

THE MARKETS.

Kansas City Stock Yards, June 10th, 1907—The supply of cattle in quarantine division here last week aggregated 300 car loads, largest receipts of any week this year. The market was stronger at the middle of the week, but developed some weakness toward the close, ending the week 10 to 20 lower on steers, and about 10 lower on cows, supply of the latter being small. Packers still refuse to buy she stuff except subject to post mortem inspection, but commission men stand firm in their refusal to sell cows and heifers on these terms, and the country is standing solid against the proposition. Receipts in the quarantine division today are 125 car loads also another record for a single day this year, market active and a shade stronger than the close of last week. The supply ran more to grass steers today, having that tendency naturally at this season, although embracing fed steers at \$4.80 to \$5.40. Late last week Kelley & Norris had some 1100 lbs. partly fed cattle here from Comstock, Texas, which sold at \$4.70, and sales of grass steers today range from \$4.00 to \$4.80. Some 1040 lbs. "wintered" steers sold at \$4.80 and 950 lbs straight grass Indian steers at \$4.40 to \$4.50. Not many cows are here today, sales ranging from \$3.00 to \$3.75, bulls \$3.50 to \$4.00, veal calves \$4.50 to \$7.00. As packers are in sore need of medium and light weight steers to substitute for cows and heifers, which they are unable to secure, the market is likely to hold up strong.

Hog supplies were heavy last week, 81,700 head, market fluctuating moderately, closing the week with a net loss of 6 cents per cwt. Supply is 10,000 head today, market weak to 5 lower, under the influence of a heavy run at Chicago, light hogs selling at \$6.10 to \$6.20, bulk of sales \$6.10 to \$6.15. Moderate receipts later this week will bring higher prices, as all hands are buying freely, one packing house here importing 2000 hogs from another market, in addition to the large number secured here. Quality runs good, and no reports of shortage are received from any locality.

Little River, Tex.

June 7, 1907.

As I haven't seen anything from our little city in the dear old Eagle in so long I will attempt to write a few lines.

Health in our neighborhood is good at this time, but I fear there will be a great deal of sickness later on account of so much rain which we have had.

Crops are sorry here—that is cotton—corn is fine and with one more rain will make lots of corn in Bell county.

The oat crop was damaged half on account of the rain the last of May. Grain that made 40 bushels per acre is thrashing out 20 and 22 bushels now.

Say, if any of you Brazos county boys want to work in a fine healthy country, be sure and come to Little River. You can get \$1.50 per day and board, that is all.

We are going to have a picnic here July 18 and 19.

Sallie, I am always glad to see your letter in the Eagle, it is just like getting letters from home. Write every week.

Success to the Eagle. C. C.

[Our Bell county correspondent is evidently not aware of the fact that Brazos county farmers are pay from \$1.75 to \$2.00 per day for labor at this time.]

NOTICE.

Owing to the singing convention which meets at Edge the first Saturday and Sunday, it being the 6th and 7th, the annual 4th of July picnic was postponed until Wednesday, July 17th. It was by a voice of the people to postpone the picnic for the convention. Remember the date; everybody invited and bring a basket well filled.

Weak Women

To weak and ailing women, there is at least one way to help. But with that way, two treatments must be combined. One is local, one is constitutional, but both are important, both essential. Dr. Shoop's Restorative, the Constitutional. The former—Dr. Shoop's Night Cure—is a topical mucous membrane suppository remedy, while Dr. Shoop's Restorative is wholly an internal treatment. The Restorative reaches throughout the entire system, seeking the repair of all nerve, all tissue, and all blood ailments. The "Night Cure", as its name implies, does its work while you sleep. It soothes sore and inflamed mucous surfaces, heals local weaknesses and ed mucous surfaces, brings about renewed builds up wasted tissues, bringing about renewed strength, vigor, and energy. Take Dr. Shoop's Restorative—Tablets or Liquid—as a general tonic to the system. For positive local help, use as well

Heart Strength

Heart strength, or Heart Weakness, means Nerve Strength, or Nerve Weakness—nothing more. Positively, not one weak heart in a hundred is, in itself, actually diseased. It is almost always a hidden tiny little nerve that really is all at fault. This obscure nerve—the Cardiac, or Heart Nerve—simply needs, and must have, more power, more stability, more controlling, more governing strength. Without that the Heart must continue to fail, and the stomach and kidneys also have these same controlling nerves.

This clearly explains why, as a medicine, Dr. Shoop's Restorative has in the past done so much for weak and ailing hearts. Dr. Shoop first sought the cause of all this painful, palpitating, suffocating heart distress. Dr. Shoop's Restorative—this popular prescription—is alone directed to these weak and ailing nerve centers. It builds; it strengthens; it offers real, genuine heart help. If you would have strong hearts, strong digestion, strengthen those nerves—re-establish them as needed, with

AKIN PARDONED.

Had Returned to Serve Balance of His Sentence.

Austin, June 12.—Governor Campbell pardoned John K. Akin, the convict who escaped from the Huntsville penitentiary twenty-four years ago, and who came from his home near Hot Springs a few days ago and voluntarily surrendered to the Texas authorities. The board of pardon advisors recommended that a full pardon be granted to Akin and the Governor immediately took up the matter and issued the pardon. Akin is now at Huntsville where he went to finish serving his term of fifteen years. R. T. Cook, former internal revenue collector of Arkansas, who has been here since Akin came, in the interest of the applicant left for Hot Springs.

JUDGMENT REVERSED.

Court Held That Former Slave's Assignees Were Entitled to Recover.

Austin, June 12.—The supreme court reversed the judgment of the court of civil appeals and affirmed the judgment of the district court in the case of the Nona Mills company against L. P. Wright et al., from Hardin county. This case involved the title to a part of a lease of land in Hardin county, and title of Maria Hamilton, a slave in 1839. The court held that the assignees of Maria Hamilton were entitled to recover, notwithstanding the woman was a slave. The land was deeded to her by Isaac D. Hamilton after making her a free woman. Her title was questioned on the grounds that a slave could not own property and that the land was given her prior to the civil war.

Penitentiary Report.

Austin, June 12.—The state penitentiary board held its monthly meeting Wednesday. The report of Financial Agent McMillan showed a balance of \$86,745 on hand. The report of superintendent Herring showed total convicts one hand May 1 to be 3,714; new ones received, 11; recaptured and returned by sheriffs, 2; discharged, 64; pardoned, 2; escaped, 10; died, 6; delivered to sheriffs, 2; on hand June 1, 3,744, an increase of 30 over last month.

Not Until Friday.

Austin, June 12.—Judge Brooks will not appoint a receiver for the Waters-Pierce Oil company until Friday. This was done at the request of Attorneys George Clark and J. D. Johnson, who wish to be heard before appointment is made.

GONE TO OYSTER BAY.

President's Intention Is to Remain There for the Summer.

Washington, June 12.—President Roosevelt left Washington for his summer home at Oyster Bay, L. I., at 8:50 o'clock Wednesday by the way of the Pennsylvania railroad. He and party occupied the private car Magnet, which was attached to the rear of the regular train. The party included Mrs. Roosevelt, Mrs. Cowles, wife of Rear Admiral Cowles; Secretary and Mrs. Loeb and M. S. Latta, one of the assistant secretaries. The president hopes to pass a quiet summer at Oyster Bay, and, according to present plans, with probably not more than one exception, he will remain there continuously until he leaves for Canton, O., for the unveiling of the McKinley memorial monument, Sept. 30.

FOUND DEAD IN BED.

John A. Webster Dies Suddenly While at Robert Lee.

Robert Lee, Tex., June 12.—John A. Webster, a prominent citizen of Dallas, was found dead in bed at the Commercial hotel here Tuesday. He was one of the most prominent Masons in Texas. During the civil war he was a Union soldier, being a member of an Ohio regiment, and was a prisoner in Libby prison, Richmond. For the past fourteen years Mr. Webster was the Texas representative of a St. Louis jail building company.

LOCOMOTIVE BLOWS UP.

Did First Switching For Katy Railway Thirty-Four Years Ago.

Denison, June 12.—Engine No. 39 blew up Wednesday morning at the Missouri, Kansas and Texas railway roundhouse. Engineer L. Cox was seriously injured. The engine was a historical one, doing thirty-four years ago the first switching for the Katy.

Thirty Years For Waters.

Dallas, June 12.—W. L. Waters, on trial here, charged with the murder of Will Brandon at Lancaster on the night of Jan. 27 last, was adjudged guilty and given thirty years in the penitentiary. Both defendant and deceased were prominent young men, and some of the leading legal talent of this city was engaged in the case.

Old Benedict, Young Bride.

Paris, Tex., June 12.—R. Peterson, a capitalist, aged seventy-five years, and editor of the Examiner, an infidel paper, and Miss Stella Pittsford, a pretty stenographer, nineteen years old, were married here.

Lady Fatally Mangled.

West, Tex., June 12.—Mrs. S. C. Butts, mother of Editor J. C. Butts of the Times, was run over by a switch engine and fatally mangled.

Ten Carloads Sent Out.

Wortham, Tex., June 12.—A fire here shipped ten carloads of cattle to Kansas City.

Root Reticent.

Washington, June 12.—Secretary Root refuses to be interviewed on the Japanese matter.

ALABAMA IN MOURNING.

Sorrows Over Demise of Late Senator Morgan.

Montgomery, June 12.—The state ceased business Wednesday to mourn the death of the late Senator John T. Morgan. The flag on the capitol was at half mast. The governor issued a proclamation reciting the virtues, service to the state and the long public career of the distinguished dead. The death of the senator was reported to the governor by Senator Pettus, his colleague, and executive at once began preparation to pay tribute.

By the primary last summer the people nominated ex-Congressman John H. Bankhead of the Sixth congressional district, any vacancy that might occur by reason of the death or incapacity of either of the old senators. This endorsement for the appointment to the unexpired session and does not apply to the election, as the platform of Democracy stipulates that such appointment be only to the next regular or adjourned term of the legislature.

SORROW OF SELMA.

Body of Late Statesman to Be Interred at His Old Home.

Selma, Ala., June 12.—The news of the death of Senator John T. Morgan caused much sorrow in this city, his home. A telegram from the senator's daughters asked that a lot be secured in Live Oak cemetery, where Vice President William R. King and other notable Alabama dead are buried. It is expected the remains will reach Selma Saturday evening and will probably lie in state at the Church Street Methodist church, where the senator worshiped, until Sunday morning, when the funeral services will be held.

PROPOSED EXTENSION.

Route, Which Will Be to New Orleans, Has Been Announced.

Kansas City, June 12.—J. A. Edson, president of the Kansas City Southern railway, has announced the route for the proposed extension of line to New Orleans. The New Orleans branch will start from Leesville, La., and run southeasterly through Oberlin and Eunice to Crowley, on the Southern Pacific, which is paralleled for New Iberia. From that point route runs easterly between the Texas and Pacific and Southern Pacific lines, passing through a rich sugar plantation country. The length of the branch from Leesville to New Orleans will be about 260 miles and the distance from Kansas City to New Orleans 918 miles. This will be the short line between Kansas City and New Orleans.

FLAGMAN BLAMED.

Engineer and Fireman Meet Death in Collision of Locomotives.

Santa Cruz, Cal., June 12.—A disastrous accident occurred seven miles from Santa Cruz on the Big Tree line of the Southern Pacific. James Frester, an engineer, and Charles Capelle, a fireman, both employed by the Southern Pacific, met death in a head-on collision between two engines. George Nicholson, brakeman and fireman McVein, and unknown Japanese seriously injured, while about fourteen Japanese have broken bones and cuts about the body and face. The accident is alleged to be due to the carelessness of Jesse Mann, a flagman, who failed to give signals.

TWO-CENT RATE.

Western Railroad Presidents to Fight Laws in Five States.

Chicago, June 12.—Western railroad presidents, at a conference here, decided to contest the 2-cent passenger laws in at least five states—Illinois, Nebraska, Iowa, Missouri and Arkansas. Following this decision the passenger representatives of all western roads agreed not to grant any reduced rates for any occasion until the 2-cent fight shall have been concluded.

NEGRO GAUGER APPOINTED.

Much Indignation Aroused and Distillery May Shut Down.

Chattanooga, June 12.—Much indignation has been aroused by the appointment of Garfield Thompson, a negro, as gauger for the Scott Price distillery. This is the first time in the history of Chattanooga a negro has been appointed in the internal revenue service. The proprietors threaten to close down the distillery, alleging Thompson is incompetent.

EIGHT EXECUTED.

Charged With Participating In Central Prison Disorders.

Riga, Russia, June 12.—Eight political prisoners were executed here Wednesday for participation in the recent disorders in the central prison, which was the subject of an interpellation in the lower house of parliament.

Ruling Accepted.

Los Angeles, June 12.—Japanese immigrants who threatened a week ago to bring mandamus proceedings against the county clerk to compel him to issue first papers to Japanese applicants for citizenship in the United States have abandoned their purpose and announce they will accept without further contest the ruling of the department of immigration that a subject of the emperor of Japan must not be granted privilege of citizenship.

Boxers Returning Home.

Victoria, B. C., June 12.—Mail advices from Tien Tsin, state a detective report has been secured by Yuan Shih Kai, that a large number of Chinese boxers left America for China by a special steamer laden with arms and ammunition.

STOLE SHEEP.

Orchard Admitted That He Did This Deed.

Boise, Ida., June 12.—The attack of the Haywood defense on the testimony of Harry Orchard went on unrelentingly Tuesday. This day began with the story of the dynamiting of Fred Bradley at San Francisco, and the defense made a long and determined effort to expose several features of it to doubt, improbability and further discrediting and to vitiate it all by revealing the hand of the Pinkertons.

Then the play went back to Denver for the winter of 1904-5 and the spring following, and there was an extended effort to show that Orchard had practically no communication with the leaders of the Federation; that he received no pay for the Bradley crime or anything else, and that with Steve Adams, in a period of extreme poverty extending over a period of several months, he was reduced to the necessity of stealing a sheep that he might have food.

Orchard, to a laughing court room, seriously confessed that he stole the sheep, but stoutly denied that it was because of want. He insisted that all through that supposedly hard winter and spring he continued to draw money from Pettibone through Adams, and explained that if he did not see the Federation leaders often it was because he was lying low to avoid capture for previous crimes. The Globeville inquiry developed a more shocking crime. At this Denver suburb there was a diabolical plot. Orchard swore it was inspired by Max Mallick; the defense claimed that Orchard was its author—to dynamite a boarding house where fifteen non-union men lived, and in preparation for the murder en bloc, Orchard Adams and a man named Joe Mehalich broke into two magazines and stole 600 pounds of dynamite, which they lugged home at night and buried it in their cellar. The crime was abandoned, Orchard said, in one of those flashes that make his testimony remarkable, because Haywood intervened and forbade him to have anything to do with it.

The examination next covered a review of the earlier attempt, on the life of Governor Peabody and the making of the bombs to kill him and the plots against Judges Gabbert and Goddard with an effort everywhere to cast doubt on the testimony of the witnesses.

Orchard brought Mrs. Steve Adams into play. He said that while he and Adams were watching Judge Goddard's house Mrs. Adams went with them a couple of times as a blind diversion suspicion from them. Mrs. Adams, who had a seat among the witnesses, laughed when Orchard told the incident.

Orchard, who confesses that he hesitated at no crime, and took hundreds of desperate chances in those he committed, made an interesting contribution to the psychological study of his personality when he called himself a coward. He said he was too cowardly to openly kill Judge Gabbert; said that he regarded all his acts as cowardly.

In five minutes Tuesday Orchard showed more emotion than at any time since he began his testimony. It was then that the defense began a rough shod digression; asked him if he had not deserted his Cripple Creek wife, stripping her of every nickel she had, and leaving her in poverty that compelled the sale of her wash tub to buy bread. Orchard's lips quivered, and with tears near, he falteringly denied that he had done so, and said that the Federation leaders had promised to care for her in his absence.

Open-Shop Notice Given.

Memphis, June 12.—Two thousands union carpenters here threaten to strike with 160 of their fellow workers who walked out following notices from fifteen planing mills of Memphis that they will operate open shops after June 15. The present trouble grew out of the walkout of the carpenters employed by the Selden Breck Construction company of St. Louis and Memphis three months ago because the company bought material from an open shop planing mill.

Conspiracy Alleged.

Leavenworth, Kan., June 12.—Proceedings by H. H. Tucker, Jr., to remove the Uncle Sam Oil company from bankruptcy were resumed in the United States district court here. It is the intention of the Uncle Sam company, if possible, to show that a conspiracy exists to drive it out of business.

Try This For Catarrh.

Free tests are now being supplied by mail to all Catarrh sufferers. There is no expense—no obligation whatever. Dr. Shoop is combining Oil of Eucalyptus, Thymol, Menthol, Oil of Wintergreen, etc., and is incorporating these ingredients into a pure, snow-white cream-like Imported Petrolatum. This Creation—Dr. Shoop's Catarrh Remedy—gives immediate and lasting relief to catarrh of the nose and throat. That all may first test it free, these trial boxes are being mailed without charge, simply to encourage these tests and thus fully demonstrate, beyond doubt, the value of this combination. If Catarrh has extended down to the stomach or bowels, then Dr. Shoop's Restorative must also be used internally if a complete cure is to be expected. Otherwise the Dr. Shoop's Catarrh Remedy will alone be entirely sufficient. Write Dr. Shoop, Racine, Wis. for sample and book. Sold by Druggists everywhere.
